MESSAGE FROM PRESIDENT, YALE WISHNICK

RESISTANCE IS OUR FIRST RESPONSE NOT OUR LAST

James Madison, the father of our Constitution, believed Americans would revolt and fight against all forms of tyranny. According to Madison, it was part of our culture; **Americans would reject and find "repugnant" any assault on their liberty.**

Over the past few months, I have presented some of Madison's ideas on why Americans had the legal authority and Constitutional right to educate, advocate, organize, and mobilize against the tyranny of unelected bureaucrats and the administrative state. While Madison did not speak with absolute clarity, he did believe state representatives would respond to the anger expressed by their constituency by renouncing the dictates of the federal government and nullifying any laws deemed to be unconstitutional. With his friend and ally Thomas Jefferson, Madison went even further to suggest the several states would form a compact to ridicule and defy the federal government. Madison and Jefferson believed if the States organized and mobilized, it would be an effective tool to stop national unconstitutional acts.

What This Means for UR4AZ Members

As Jeffersonian Republicans, we do not have to wait years for politicians to act on our behalf. Jefferson made it clear our Constitutional Republic guarantees the government does not have the authority to abridge our natural rights and liberty in any way. As Jeffersonian Republicans, we do not have to wait 2 or 4 years for some federal court to decide what our **natural GOD given rights** are and how we choose to live our lives. Jefferson made it clear America was grounded in the **Golden Rule**, and the government does not have the authority to intervene unless that rule is violated. As Jeffersonian Republicans, we **demand** our state legislators and governor stand up, resist and refuse to comply with any unconstitutional federal acts – as soon as they happen.

Finally, as Jeffersonian Republicans, the UR4AZ believes **RESISTANCE** is our first response, not our last.
